Objective

In my role as a ReactJS Developer, I am dedicated to crafting exceptional websites through the effective use of ReactJS. I am passionate about coding and consistently broaden my web development knowledge, ensuring that my contributions have a lasting impact on projects and deliver an outstanding user experience

Skills & Abilities

Expertise: ReactJS, javaScript, tailwindcss, Bootstrap, git, rest API, React router Dom and Chrome dev tools.

Comfortable: MongoDB, expressjs, Firebase.

Familiar: NodeJS, JWT and NextJS.

Projects

Turitors (Educational website)   Live Site | GitHub(Client) | GitHub(Server)

- Users can add, edit, and remove assignments using Turitors. In order to provide effective assignment management and assessment experiences, evaluators can mark assignments and offer feedback.
- React.js for dynamic interfaces, MongoDB for data, Express.js/Node.js backend, JWT for security, Firebase services, Tailwind CSS styling.

Technologies: React.js, MongoDB, Express.js, Node.js, JWT, Firebase, Tailwindcss, react helmet, daisyui

Partodo   Live Site | GitHub(Client) | GitHub(Server)

- Explore our React-based car marketplace. Log in for a personalized experience – add, update, or delete cars in your cart effortlessly. Enjoy a user-friendly interface, making your car-buying journey seamless and convenient. Discover, choose, and make your purchase with ease on our website.

Technologies: React.js, MongoDB, Express.js, Node.js, Firebase, Tailwindcss

Lakeview cottage   Live Site | GitHub(Client) | GitHub(Server)

- Created a website with three roles: Users maintain profiles and read announcements, Admins control coupons and announcements, and Members handle payments. Simple communication for all parties!
- Safe login, effective rental agreements, flexible administrative tools, adaptable design, conquering obstacles, and ideal parallel filtering.

Technologies: React.js, MongoDB, Express.js, Node.js, JWT, Firebase, Tailwindcss, React Hook Form, tanStack query (data Fetching).

Education

- Bachelor of Business Administration (Running in Accounting Department) in National University.
